

## **DATA PROTECTION**

The General Data Protection Regulations (GDPR) place obligations upon all organisations holding personal data.

In order to function, Lancaster Fellwalkers (the 'club') needs to gather, store and use certain forms of information about individuals. The club is required to ensure that Members have actively opted in to receive communications from us, understand what personal data we may hold on them, how their data will be used and stored and understand that they have the right to opt out of communication and have their data deleted and/or sent to them on request.

The club has compiled a document which explains how this data should be collected, stored and used in order to meet Lancaster Fellwalkers' data protection standards and comply with the General Data Protection Regulations (GDPR). This document is available on the club website and a paper copy can be requested from the Club Treasurer.

This document therefore asks for your consent by indicating in the table below
